

TYRIC RAMPLIN

ASPIRING SOFTWARE DEVELOPER

PROFESSIONAL SUMMARY

Hi! I'm Tyric Ramplin, a software developer passionate about building responsive, user-friendly websites using modern technologies. I enjoy blending creativity and technology to craft engaging digital experiences. I completed my Diploma in IT at Richfield in December 2024 and graduated in May 2025. Through my studies and hands-on experience, I have collaborated on several projects developing websites and web applications. Motivated, adaptable, and eager to continue growing my skills in software development.

WORK EXPERIENCE

Cofnifyz Technologies - Intern 16/10/2024 – 16/11/2024

- Web Development Intern
- Gained hands-on experience in web development, demonstrating strong attention to detail, effective communication, and coordination skills. Approached new assignments with enthusiasm, showing commitment to learning and adapting to challenges. Contributed to development tasks while expanding technical skills and applying best practices in web development.

CAPACITI – Digital Associate - January 6 2025 – Present

- CAPACITI – Demand Programme Candidate
- Participated in a comprehensive training programme combining technical and professional development in digital skills. Completed multiple Coursera courses with certifications as part of the training process, enhancing technical knowledge and industry-relevant expertise. Collaborated in diverse teams to deliver projects and tackle real-world business challenges, applying critical thinking and problem-solving skills. Engaged in industry mentorship, gained hands-on experience through corporate partner internships, and developed competencies essential for a successful career in the tech industry.

EDUCATION

Hoërskool Tygerberg National Senior Certificate 2017-2021

At Hoërskool Tygerberg, I elected core subjects from Grade 10 including Biology, Computer Applications Technology (CAT), and Economics, alongside Afrikaans, English FAL, Life Orientation, and Mathematical Literacy. Developed a passion for technology through CAT, where early exposure to digital tools and concepts inspired an interest in web creation and design. Participated in extracurricular activities such as hockey, fostering teamwork, discipline, and time management skills.

Richfield Graduate Institute of Technology Diploma in Information Technology Jan 2022- 2024

Completed a comprehensive curriculum at Richfield covering programming (Java, JavaScript, C++, software development, web technologies), systems and networks, business-IT integration, and analytical skills. Gained practical experience through projects, strengthening problem-solving, collaboration, and technical expertise for real-world IT challenges.

SKILLS:

- HTML
- CSS
- JavaScript
- C++
- Java
- MySQL
- PHP
- Project Management skills
- Software Development & Artificial Intelligence
- Teamwork
- Communication
- Problem-Solving
- Adaptability
